### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art teaches compositions wherein mineral spirit or mineral seal oil are used in combination with either ethylene glycol monoalkyl ethers or ethoxylated alkyl phenols. However, none of the prior art references of record provide sufficient motivation or suggestion to combine mineral seal oil, mineral spirits, an alkylene glycol monoalkyl ether and at least ~~one liquid nonionic surfactant in their respective proportions, nor does the prior art teach~~ or suggest that this mixture may be used in the treatment of a diesel fuel. Accordingly, the claimed invention, as a whole, would not have been prima facie obvious to one of ordinary skill in the fuel art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
